

GOLDSTROM

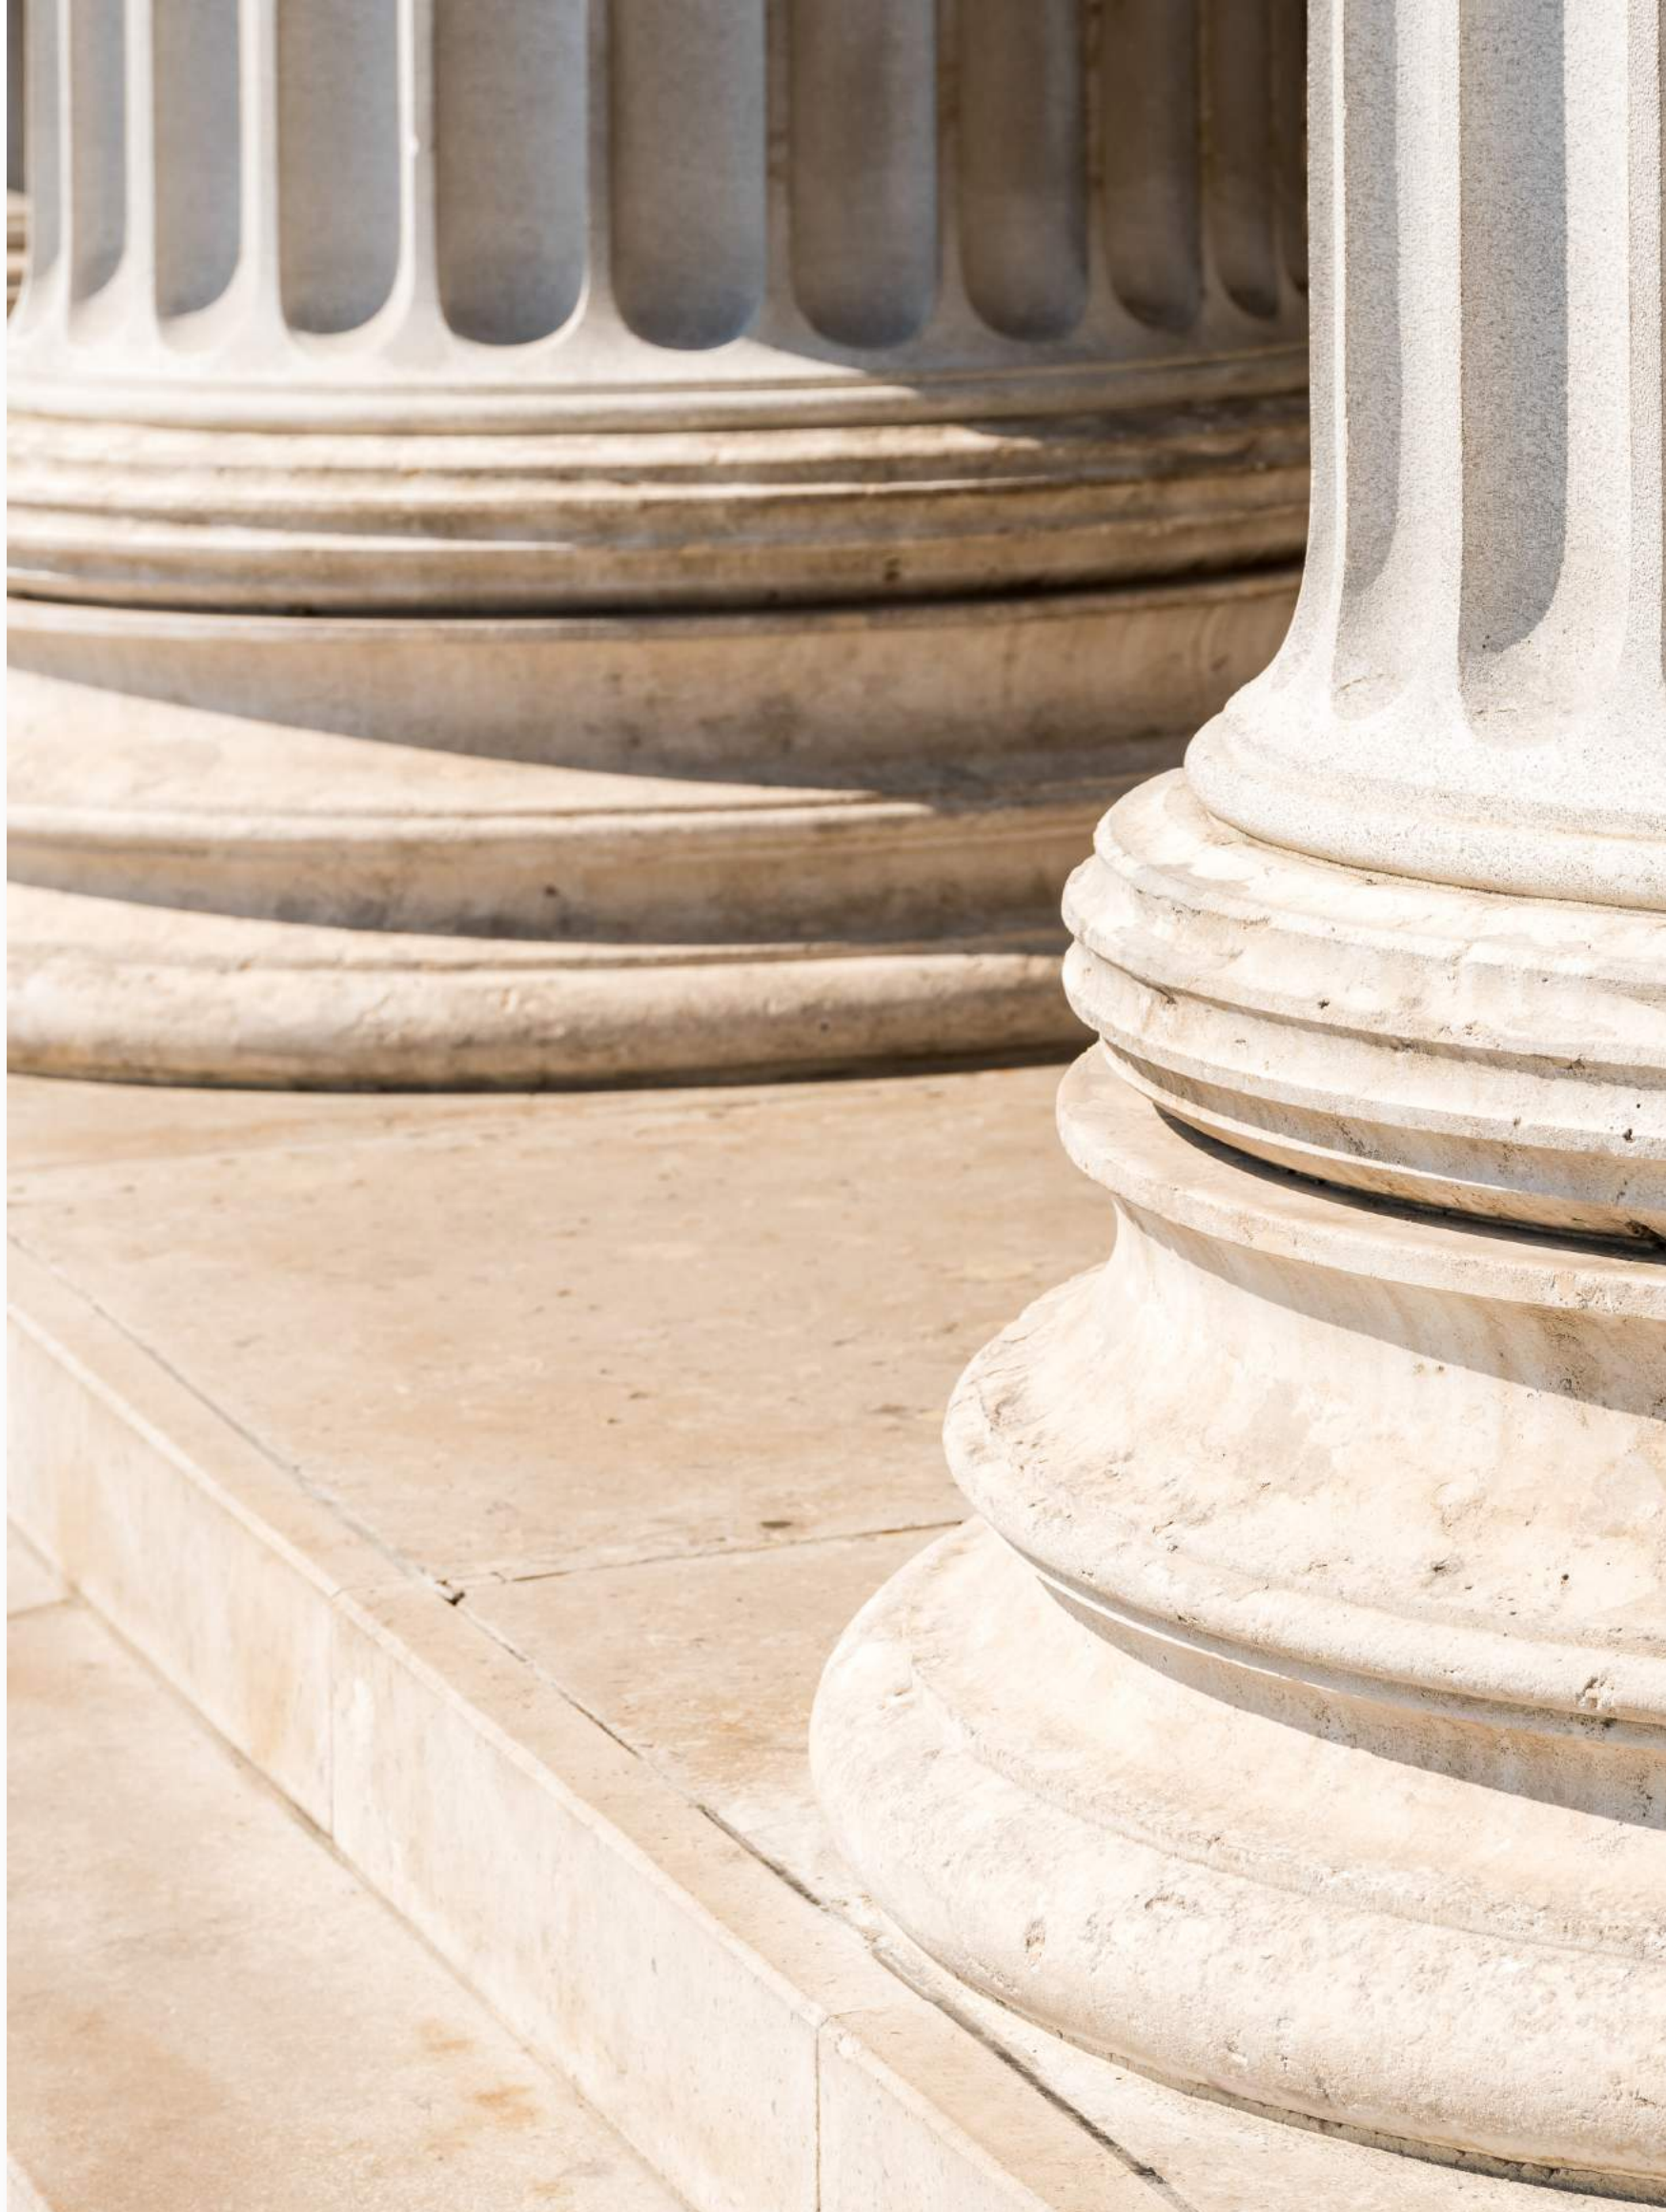

ABOUT US

Goldstrom is an integrated global precious metals company.

Our headquarters are in Singapore and our offices in Europe, Asia, the Middle East and Africa cover global precious metals markets. Goldstrom provides clients with solutions for physical trading, financial trading, mining, logistics, storage and refining.

Goldstrom's operations cover every aspect of the precious metals supply chain. Our aim is to provide our clients with an end-to-end solution for all of their precious metals requirements. Whether you are a new investor looking for advice on how to invest in precious metals or an experienced trader or miner, we are here to understand your goals and requirements and show you how Goldstrom can help you achieve them.

Dynamic, Efficient, Fair and Trustworthy

DEFT - *Demonstrating skill and cleverness.*

These are our pillars, the cornerstones of our organization. For Goldstrom, no opportunity is too difficult or too complex.

We are dedicated to building an efficient enterprise, using technology and experience to produce the best products and services for our clients.

We know that trust is the basis for any relationship. Goldstrom is committed to nurturing that trust by acting in fairness with our clients in order to build lasting relationships.

WE ARE PRECIOUS METAL EXPERTS

From mining to refining and trading to transport, we understand precious metals. Our qualified professionals can assist you in any precious metals related matters.

WE UNDERSTAND GLOBAL MARKETS

With a background across a range of industries and fields, we bring together unique insights into global markets and precious metals trading.

WE ARE ENVIRONMENTALLY FOCUSED

We promote sustainable and environmentally conscious practices in the precious metals industry. We ask the same from our clients. We can assist in developing and implementing environmentally focused, best practise programs.

TRADING

Physical and financial precious metals trading is at the core of Goldstrom's business. Our trading desks cover physical bullion, scrap and dore bars and associated financial products for paper trading and risk management.

Through developing a strong understanding of our clients trading strategies, objectives and requirements, we provide integrated solutions for the best possible outcome.

Our global reach covers key physical trading markets as well as mining and production centres. From extraction to refining to retail sales, we are involved in every step of the physical precious metals supply chain.
